THE NIGHT IT SNOWED AT WALT DISNEY WORLD

"This is WWDW Radio with our Central Florida weather report . . . Orlando has clear skies at 75 degrees, Winter Park is sunny at 74 degrees and over Walt Disney World it's 80 degrees and . . .and snowing?"

That's right, it was snowing at Walt Disney World a few weeks ago, and at the most appropriate time . . . during the taping of **"The Walt Disney World Christmas Special"** which airs Sunday night, **December 10 at 7:00 pm** on NBC-TV.

Our Christmas special is a magical musical tour around Walt Disney World with the Clinkers, a riotous robot couple portrayed by **Shields and Yarnell**. The Clinkers are our typical tourists, camping at Fort Wilderness and visiting our Magic Kingdom, but because of the strange way they sightsee, they become an attraction in themselves.

THE NIGHT IT SNOWED AT WALT DISNEY WORLD

continued from cover

But no Christmas special would be complete without Christmas Carols in the snow, and since it doesn't snow very often in our Magic Kingdom our television producers called upon the

assistance of our **Reedy Creek Fire Department**, our **Display Department** and our **Decorating Department** to turn Center Street into a Winter Wonderland.

The first step was to apply rolls of white cotton to an astroturf carpet laid on Center Street. Then our firefighters went to work spraying fire fighting foam over the street and building-tops to create the impression of billowing snow mounds. During the singing of the Christmas Carols, ground-up styrofoam was sprayed by large fans to create a snowfall effect.

Despite the unseasonably warm weather we're having, it **did** snow that night at Walt Disney World, and you'll see the results (as well as the performances of some of our cast members) when you tune in "The Walt Disney World Christmas Special" Sunday night!

.7 SECONDS, AND IT'S ALL OVER AT 55 MPH

Do you know what happens in the first fatal second after a car going 55 mph hits a solid object?

In the first tenth of a second, the front bumper and grill collapse.

The second tenth finds the hood crumpling, rising and striking the windshield as the spinning rear wheels lift from the ground. Simultaneously, fenders begin wrapping themselves around the solid object and although the car's frame has been halted, the driver's body is still going 55 mph. Instinct causes the driver to stiffen the legs against the crash and they break at the knee joint.

During the third tenth of a second, the steering wheel starts to disintegrate and the steering column aims for the driver's seat.

The fourth tenth of a second finds two feet of the car's front end wrecked

while the rear end still moves at 35 mph; the driver's body is still traveling at 55 mph.

In the fifth tenth, the steering column crashes into the driver's chest.

The sixth finds the impact built up to the extent that the brake pedal breaks off, the car frame buckles in the middle and the driver hits the windshield.

But, the driver is already dead; the last three tenths of a second mean nothing.

Isn't it a good time . . . before an accident happens . . . to watch how **YOU** drive?

EASTERN AIR LINES OFFERING DIRECT SERVICE TO L.A.

Eastern Air Lines, the official air lines of Walt Disney World will begin offering the first non-stop service from Orlando to Los Angeles beginning **December 24**. This new non-stop flight will eliminate stopovers at any city.

Flight time from Orlando to Los Angeles is approximately five hours and 15 minutes, and four hours and 15 minutes leaving from Los Angeles.

PENSION PLAN OPEN ENROLLMENT FORMS DUE

Those cast members who received an invitation to join our Walt Disney Productions' Pension Plan during open enrollment are requested to **complete these forms and return them** to Personnel Services **as quickly as possible**, whether or not you wish to enroll.

Please check "yes" if you wish to join this plan, or "no" if you do not, and send the form in interoffice mail to Personnel Services. If you have any questions, please contact **Personnel Services** at extension 4732.

"WHAT HAPPENED TO MY PASS?"

Has it ever happened to you . . . there you stand, right in front of the pass gate with your family from back home lined up behind you. Everyone is excited, they're about to visit the Magic Kingdom for the first time and YOU are their host. And that added little touch of VIP treatment for the family comes when you produce your Main Gate Pass and get everyone in free.

The line moves up and soon you are reaching for your Disney ID and Main Gate Pass . . . but it's not there in your wallet! "Oh no," you moan, "What happened to my pass?"

What do you do when your **Main Gate Pass** is lost or stolen? Easy. You should obtain a typed memo from your immediate supervisor stating what happened to your pass, and requesting a replacement. The memo should include the following details:

- Your full name
- Your department number
- Your marital status
- Your number of dependents

You, and not your supervisor, should then bring this memo in **person** to the **Admissions Office** along with your Disney ID. There is no charge to replace your Main Gate Pass.

How about if you get married, your name changes or some other correction is needed on the face of your Main Gate Pass? Once again, easy. Just present your Disney ID at the Admissions Office for a correction in spelling. If your number of dependents change, first have a secretary in your area fill out a **Non-Critical Status Change** form, then bring it in person to the Admissions Office.

But if something should crop up regarding your Main Gate Pass that is not covered here, that's also easy. Just call **Admissions** at extension 4231. They can advise you of the proper procedures.

LETTERS TO US

I would like to thank the entire Disney Cast, with a special thanks to my friends in Marketing and Entertainment, for all the beautiful cards and flowers I received during my hospital stay.

It's nice to know so many wonderful people.

*Thanks again,
Susan McBride*

Letters informing cast members of their selection were mailed late last week, and Cast Activities will begin distribution of the lithographs to the winners this week. All winners will receive a letter informing them of their selection and giving them instructions on picking up their lithographs by December 11. Cast members may drop by Cast Activities during the week of December 11 through 16 to see a complete list of our winners.
